

Technical Support Engineer

Brodersen Systems UK

**BRODERSEN**  
simplifying systems

## Background:

Electrical or PLC programming background

Experience of site work would be advantageous

Min 1 – 2 years work experience

## Attributes:

- Eager to learn
- Enthusiastic
- Personable
- Willingness and ability to travel around UK
- Ability to work on their own
- Customer focus
- Clean UK Driving licence

## Opportunities:

To learn and develop technical skills as well as all facets of business with a small company

The potential to grow as the company grows

## Role:

An exciting opportunity to be a part of the UK arm of Brodersen Systems. Currently the role would be as Brodersen Technical Support Engineer to the UK Water sector. This may be located within Clients offices, with a requirement to attend both Waste and Clean water sites to assist with commissioning/fault finding of Brodersen telemetry panels.

Full training and site assistance will be given, as well as any guidance and support when needed.

## Salary and benefits:

- 20-25k dependent on experience
- UK stakeholder pension
- Use of a company car/van
